RE: Product Standards Committee (PSC) Notification of Approval for Composite Access Products (CAP) Manhole Ring and Cover (Cap One-30, 30” Composite Polymer Manhole Cover)

Dear Mr. Nunnery:

The San Antonio Water System (SAWS) Product Standards Committee (PSC) has elected to approve Composite Access Products (CAP) Manhole Ring and Cover (Cap One-30, 30” Composite Polymer Manhole Cover) for inclusion within the SAWS approved products list at this time. The PSC would like to thank you for submitting the product mentioned above for review and testing.

SAWS reserves the right, at its sole discretion, to suspend any product immediately, as soon as concerns with the product are brought to the attention of SAWS PSC, without prior notification to the manufacturer. Should this occur SAWS will notify you of the product concerns and allow you an opportunity to resubmit to the PSC. Your resubmittal shall provide a resolution on how you will address the concerns ensuring similar issues do not occur in the future.

Thank you for your submittal; we appreciate your interest in SAWS. If you have any questions, please contact Dennis Laskowski at (210) 233-3682, myself at (210) 233-3607, or by email, if you prefer, at productstandards@saws.org.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Lance Rothe'.

Lance Rothe, P.E.
Manager – Distribution and Collection
Production Standards Committee Chairman
